Comments: Option A would best meet the needs of both Baltimore Highlands and Lansdowne ES. We (Lansdowne) would be able to keep our diverse community without dramatically increasing poverty levels and Baltimore Highlands wouldn't risk losing their Title 1 supports.

Comments: Your moving children that are already established in the school. My children live 3 minutes from the school, with this boundry change they would be 10 minutes. They made friends there and because they live on pennsylvania ave they have to move to the lansdowne ele. I went to baltimore highlands i want my kids to go their and graduate from there. They have great staff that works there and goes above and beyond for students. Its not my children fault you built a bigger school and need more students. take from highland village and the apartments not the state streets that are right infront of the school. I dont know who came up with this boundry change but its not for the greater good of the students.
