

INSTRUCTION: Schedules

Emergency Closures, Delayed Opening and Early Dismissal of Schools and/or Offices

I. Purpose

To establish procedures for the closure, delayed opening, or early dismissal of schools and/or offices due to inclement weather or other emergencies, heat or building system failure.

II. Decision-Making Process

A. The Superintendent shall determine whether schools and/or offices of Baltimore County Public Schools (BCPS) shall be closed, delayed or dismissed early. The decision will be based on student and staff safety and the ability to effectively deliver the educational program and any other consideration deemed relevant by the Superintendent.

B. The Superintendent will consult with the chief administrative and operations officer (CAOO) prior to making a final decision.

C. A decision will be made as early as possible in order to ensure the safety of BCPS students and staff members and to provide parents and staff members with timely notification.

III. Definitions

A. *Air-Conditioned School* – A school with a central chilled water system designed to cool the major portions of the school.

B. *Heat Index* – As published by the National Oceanic and Atmospheric Administration (NOAA), the measure of how hot it feels when relative humidity is factored in with the actual air temperature.

IV. Administrative Process

A. The CAOO shall be responsible for recommending to the Superintendent that individual schools, all schools, individual offices and/or all offices will be closed, delayed or dismissed early under this rule.

- B. The Department of Facilities Management shall establish heat-related closure procedures to inform the Superintendent when conditions exist or are forecast that may necessitate the closure of schools and/or offices due to heat. These procedures will incorporate the use of NOAA heat index tables and heat safety resources. The procedures will be included in the Department of Facilities Management’s standard operating procedures manual.
- C. The Office of Health Services shall establish procedures to capture daily data for health suite visits for the months of August, September, May and June.
- D. Principals shall allow students to carry water bottles at all times, regardless of heat or air conditioning status of the school.
- E. The principal shall have the flexibility to move students to cooler rooms or other appropriate areas, such as the auditorium, multipurpose room, library or shaded outdoor areas.
- F. The recommendation to close, delay opening, or dismiss schools and/or offices early will be made in consultation with various offices and will include many factors, including but not limited to:
 - 1. Reviewing forecast and current weather conditions, outdoor temperature readings and forecast and current heat index readings;
 - 2. Conducting on-road observations of actual road and weather conditions across the county;
 - 3. Conferring with other local and state agencies to determine if a snow emergency plan is or will be issued;
 - 4. Inspecting school driveways, parking lots and sidewalks;
 - 5. Assessing the conditions of school buildings, including but not limited to: heating, electrical, plumbing or temperature readings in classrooms; and
 - 6. Following heat-related closure procedures established by the Department of Facilities Management.
