RE: Change Order – Architectural and Engineering Design Services for Science Room Renovations - Eastern Technical High School

On August 20, 2000, the Board of Education approved a fee acceptance of \$81,622.29 for Rubeling and Associates to provide design services for the renovations of five science rooms at Eastern Technical High School. During construction, when the existing ceilings were removed, cracks were discovered on the underside of the existing pre-cast roof planks in one room. The Department of Physical Facilities has negotiated an additional fee of \$1,677.27 for the consultant to design a solution to correct the cracks on the pre-cast roof planks. At this time, we request approval of a change order to Rubeling and Associates for these additional services.

Funding for this service is available from Capital Budget Project # 666-Alterations/Code Updates/Restorations.

APPROVED:

Donald F. Kriempel, Ph.D.
Executive Director
